Dear Ted,

Yes, 7 minutes.

Thank you for confirming, we appreciate that she accepted to speak!

Best,

Marit

Hello Marit,

Please find attached Bio and Photo for Jane Nishida.

She will not be using a powerpoint for her presentation.

My recollection was that the time that was allocated for Jane's remarks was 7 minutes. Can you please confirm.

Thanks,

Ted

Dear Ted,

Thank you for coming back to us on this proposal, and we hope Jane will be willing to give the presentation. She can use PowerPoint if she wants to, this is up to her. If she does, please note that she should:

- Send a bio (max 200 words) and picture (to be posted on the conference website) to me. (does not depend on PPT of course)
- send draft PPT by 26 October cob to me (I hope this is possible, otherwise we may extend the deadline to 29 since this comes very late)
- it should have the 4/3 format (standard), max 1 slide per minute.
- be sure to keep the time allocated to you, the agenda is very tight

Please note that Jostein Nygard, World Bank, is helping us coordinate the session, so he may get in touch with Jane about this.

Lastly, but very importantly, we recommend that you collect your badges on Monday 29 October, to avoid long queues at the entrance.

Kind regards,

Marit

Dear Marit and Marina,

I was just forwarded the email that Marit sent to Jane Nishida yesterday regarding the presentation.

It provided info on how long the presentation should be (about 7 minutes), but would still appreciate question answered about format: I.e. verbal remarks or powerpoint.

ALSO, we need to confirm that Marianne Bailey is registered for the event, copied here. I saw that today was the last day for registering at the event link, but she was waiting for an email confirming her participation from you.

Here Name, title and email is as follows:

Marianne Bailey, Deputy Office Director, Office of Global Affairs and Policy, USEPA Office of International and Tribal Affairs

Bailey.Marianne@epa.gov

Please note Marianne will be staffing Jane Nishida for the High Level Segment on Day 3.

I expect to only be attending the Technical segment on Day 1 and 2

Please advise ASAP.

Thanks,

Subject: RE: INVITATION: Coordination Meeting on the Health, Environment and Climate Change Coalition, 29 October 2018, World Meteorological Organization (WMO), Geneva, Switzerland

Dear Marina,

I am seeking some clarification on the Plenary Session VII for the Air Pollution and Health Conference. Specifically the Agenda I see posted as of today includes the following:

11.30–12.15 Plenary session VII – From evidence to action (continued)

Experiences in cleaning the air presented by ministers/vice ministers/representatives of the following countries/region (tbc):

- China
- Cameroon
- European Union
- Mexico
- USA

Do I assume correctly that these remarks are being presented by those lead delegates for the respective countries that are participating for Day 3 of the event? Can you clarify how long these presentations are expected to be presentations to be just spoken remarks or are you also expecting powerpoints? I would presume the former.

If you are not the correct person to direct questions to regarding participation in Day 3 events, please advise who this person is and provide their contact information. I am also cc'ing my EPA colleague Marianne Bailey who will be staffing Jane Nishida for the High Level event on Day 3. So please also copy her on your reply.

Many thanks,

Ted

Dear Mr MacDonald,

Thanks a lot for your kind email and for EPA interest in this meeting.

Dear Ms Curry Brown,

We would be very happy to have you at the meeting.

Kindly register at http://reg.unog.ch/e/Coordination_Meeting_HECCC

We will send you more information about logistics and content of the meeting at the beginning of next week.

Many thanks and kind regards,

Marina

Dear Marina,

Thank you for this invitation to the HECC coordination meeting you are organizing on October 29. I would kindly request, however, that you transfer this invitation from me to my EPA colleague Amanda Curry Brown with our Office of Air Quality Planning and Standards and copied here. Amanda is also part of the U.S. delegation going to the conference.

I look forward to meeting you in Geneva, and to a good Conference.

Best regards,

Ted

Subject: INVITATION: Coordination Meeting on the Health, Environment and Climate Change Coalition, 29 October 2018, World Meteorological Organization (WMO), Geneva, Switzerland

Dear Colleagues,

On behalf of WHO, UN Environment and WMO, I am pleased to invite you to participate in ***the Coordination Meeting on the Health, Environment and Climate Change Coalition (HECCC)***.

The Coalition was mandated by the Ministerial Declaration on Health, Environment and Climate Change in the margins of the UNFCCC COP22 climate conference, and was launched at the annual World Health Assembly in May 2018.

This working meeting will be hosted by WHO, UN Environment and WMO at **WMO headquarters, Geneva, Switzerland** and will take place on **Monday, 29 October 2018, from 1.30pm until 5 pm**.

The meeting will be held back to back with the First Global Conference on Air Pollution and Health in WHO Headquarters on 30 October - 1 November 2018.

Representatives from Member States, UN agencies and key actors active on health, environment and climate change will be also invited.

The meeting aims to share regional agendas and priorities as well as ongoing activities of UN agencies and key actors on health, environment and climate change, identify potential areas of collaboration and discuss how to make full use of the coalition to better coordinate activities on health, environment and climate change, identify synergies and possible joint products in order to better support Member States.

For further information, please find attached the concept note of the meeting.

In order to register for the meeting, kindly click on the below link and provide your details **by 23 October 2018**.

http://reg.unog.ch/e/Coordination_Meeting_HECCC

For any additional information, please contact me and cc: Ran Xie (ran.xie@un.org) and Carine Cruz Payan, (cruzca@who.int)

We look forward to your participation.

Kind Regards,

World Health Organization

UN Environment

World Meteorological Organization
